## Growth & Stability

Thursday, 13th October at the Dorchester Hotel, Park Lane, London  
Registration starts at 09.00—10.00am. The event will end at 14.30pm

### About the Forum:

The Saudi Finance Forum will focus on core areas of cooperation and integration between the Saudi and UK banking and finance sectors. The two Kingdoms pose a great wealth of potential investment opportunities: Saudi Arabia boasts a buoyant economy resting on solid foundations, and the UK holds one of the strongest and most important global banking sectors.

The event will aim to reinforce the central importance of diversification towards emerging markets, especially at the time when the wealth of immensely attractive investment opportunities is available to UK businesses in the Saudi Arabian economy.

The Forum will bring together an impressive mix of leaders from the world of banking, finance and education, as well as politicians, financial journalists and members of the financial services sector.
